UWAGA !

PL Sprawdź poprawne położenie sznurków. Idealne ich ułożenie wpływa na płynność obsługi moskitiery.

WARNING !

EN Check the correct position of the strings. Their perfect arrangement affects the smooth operation of the mosquito net.

ACHTUNG!

DE Überprüfen Sie die korrekte Position der Saiten. Ihre perfekte Anordnung beeinflusst die reibungslose Funktion des Moskitonetzes.

Konserwacja: Połóż siatkę płasko na podłodze i spłucz ją czystą wodą z kranu. Pamiętaj, aby nie szorować powierzchni szczotką ani nie spryskiwać jej kwaśnymi środkami czyszczącymi, takimi jak detergenty.

Maintenance: Place the mesh flat on the floor and rinse it with clean water from the tap. Please note that you must not scrub the surface with a brush, nor should you spray it with acidic cleaning agents such as detergents.

Pflege: Legen Sie das Netz flach auf den Boden und spülen Sie es mit klarem Leitungswasser ab. Bitte beachten Sie, dass Sie die Oberfläche nicht mit einer Bürste schrubben oder mit säurehaltigen Reinigungsmitteln wie Waschmitteln besprühen dürfen.
